

Curriculum Bulletin - Y11 EPS2

What Will I Be Learning About This Half Term?

English	We are revising English Language and 'A Christmas Carol'.
Maths	We are studying the foundation syllabus will be learning about volumes of complex shapes and Loci while higher pupils will study quadratic equations, histograms and box plots.
Science	We will Complete the P6 Waves topic, revision for paper 1 mock and feedback following the exams. 11ePh1 will revise for paper 1 and feedback following the exams before moving on to P8 Space topic. We will complete the Atmosphere and Chemical Analysis units. A short break in delivery will then be taken to facilitate revision for mock exams based on paper 1 content. After this we will begin the final unit in the Chemistry Curriculum, Using Resources. We will also complete the B7 Ecology unit, revision for paper 1 mock and feedback following the exams. We will start B6 Inheritance, Variation and Evolution which examines with meiosis, DNA structure and inheritance of characteristics and disorders.
Computer Science	We will be completing the Programming Project started last half term whilst also revising key topic areas in preparation for the mocks.
Geography	We will be learning about the changing UK economy. This builds on our learning of Nigeria as a newly-emerging economy and how the development gap can be tackled.
German	We will be learning about local environmental issues which will revisit vocabulary studied last year when describing their town and the wider local area.
History	We will be revising 'Crime and punishment in modern England', 'Whitechapel, c1870-c1900: crime, policing and the inner city' and 'Anglo-Saxon and Norman England'. This builds on Crime and Punishment in Britain, c1000-c1900: crime, law enforcement and punishment and the previous study of Whitechapel and Anglo-Saxon and Norman England.
ICT	We will be completing the Controlled Assessment started last half term to hand in to the exam board for the January deadline.
Learning for Life	We will evaluate the impact of Islamic religious beliefs, customs and traditions on Muslims daily lives in the modern world.
Spanish	We will be learning about local environmental issues which will revisit vocabulary studied last year when describing their town and the wider local area.

What Will I Be Learning About This Half Term?

Art and Design	We are completing independent projects in readiness for their up and coming Mock Examination.
Dance	We will be learning about Within Her Eyes set work - the physical and aural settings. We will then be moving on to our third set work. This builds on the action, dynamic, space and relationship analysis already completed for Within Her Eyes.
Design Technology	We will be looking at the AQA GCSE non exam assessment. We will be working on their own NEA producing a high quality design folio to a specific marking criteria.
Digital Art	We are completing independent projects using the theme music as inspiration. Mock exam designs will be produced as outcomes and pupils will develop work to realise their intentions.
Drama	We will develop their response to stimulus material and a theatre genre; theatre in education
Enterprise and Marketing	We will be looking at the R064 exam content. This includes LO6 functional areas and LO2 finance.
Music	We are listening to a range of music from across the four AOS for their exam. They are also beginning to compose for the set briefs as part of their official coursework.
Music Technology	We are engaging with their Unit 2 for their portfolio. They have created their track and are now evidencing the process of their work. They will then move on to evaluate their work to finish the Unit of work. Pupils are also looking at how the practical exam is set out and the best ways to tackle each section.
Sport	We are looking at the Practical Sports Performance unit which explores isolated and conditioned practices of our 2nd sport and strengths and areas for development of our performance.
